Subject: [kalamazoo] EPA to share details on Otsego Twp Dam Cleanup and update on Kalamazoo River cleanup projects

EPA will hold a meeting to share details of the Otsego Township Dam cleanup. Updates will also be provided on other EPA cleanup projects along the Kalamazoo River.

The meeting will be **Tuesday, August 23** at the Otsego District Public Library in the Program Room, 401 Dix Street, Otsego. A presentation will begin at **6:00 p.m.** with a question and answer session to follow. To learn more, read our factsheet [PCB Cleanup Begins near Otsego Township Dam](#) and visit our website www.epa.gov/superfund/allied-paper-kalamazoo.

This update provides current information about the cleanup using EPA's email listserv. For more information, please visit our website <http://www.epa.gov/superfund/allied-paper-kalamazoo> or contact EPA's Community Involvement Coordinator, Diane Russell at 989-395-3493 or russell.diane@epa.gov
